

**ACCESS**  
FOR LIFE

# CAPABILITY STATEMENT

## ABOUT US

Access for Life is a Tasmanian owned and operated business providing a range of access consulting services to organisations and individuals throughout Tasmania. Our core goal is to improve access to the built environment and remove barriers to provide opportunities for all people to be able to participate in all aspects of life equally and with dignity. Our consultants have in depth building knowledge and experience to provide a personalised client and solution focused service and high quality assessments and advice.

## OUR MISSION

Our mission is to champion accessibility in the built environment by delivering precise guidance and education to the design industry and the public. We are committed to ensuring that every individual has the right to participate fully in all aspects of life, free from restrictions imposed by the built environment.

## OUR SERVICES

Our Services Our services can be engaged at any stage of a project to ensure compliance with access requirements and best practice and include:

- Building Access Audits
- Design Plan Assessments
- Design Consultation
- Development of Performance Solutions
- Advice on Alteration & Additions
- Livable Housing Design Guidelines Assessments

## OUR CORE VALUES

### **Inclusivity**

The belief that every individual, regardless of ability or background, deserves the right to participate fully in all aspects of life.

### **Accuracy**

A commitment to staying informed and up-to-date with the latest standards and technological advances, ensuring the delivery of precise guidance and advice.

### **Timeliness**

The recognition that providing services within guaranteed timeframes is essential to meet the needs of clients and maintain professional trust.

### **Passion**

A genuine passion for promoting equality and dignity for all people, driving the dedication to breaking down barriers in the built environment.
